

# ROLLOUT OF THE COVID-19 VACCINE TO THE COMMUNITY

## PHASE 1A

- Health Care Workers
- Long-term care staff & residents

Includes individuals who provide direct patient service or engage in activities that may place them in contact with infected persons or material.

Current Status  
(as of 12/20)

## PHASE 1B

- "Essential Workers"

This definition is yet to be determined, but may include public health & safety, transportation, communications, financial, food & agriculture, information technology & other critical infrastructure services.

COVID-19 vaccines only available to specific populations.

## PHASE 1C

- Residents 65+ years
- Individuals with underlying health conditions

Includes individuals who are considered a higher risk for severe illness based on age and/or health history.

## PHASE 2\*

- Remainder of Phase 1
- Critical Populations
- General Populations

An announcement will be made when vaccine supplies reach a point that allows providers to begin taking appointments and administering COVID-19 vaccinations to community members.

COVID-19 vaccines available to the community

## PHASE 3\*

- Remainder of Phase 1
- Critical Populations
- General Populations

Vaccine distribution will be widespread and will be incorporated into preventative care.

COVID-19 vaccines available to the community

*\*Note: It is expected that vaccines will not become widely available to community members until summer 2021 or later.*
