

## Health and Human Services Committee Agenda

Thursday, January 28, 2021, 5:00 pm

River Block Building, Room 206

111 W Jackson St, Wisconsin Rapids

- 1) Call to order
  - 2) Declaration of quorum
  - 3) Public comments
  - 4) **Consent Agenda:**
    - a) Meeting minutes:  
Health and Human Services Committee ... December 17, 2020
    - b) Narratives:  
Department Head/Supervisor Monthly Reports/Narratives: Edgewater Haven, Veterans Service Officer (CVSO), Health Department, Human Services  
Other Narratives/Reports/Informational Material/Resolutions: Health Department, Edgewater Haven, Veterans Service, and Human Services credit cards detail, Edgewater Haven marketing report, Edgewater Haven caseload statistics, Edgewater Haven Physical/Occupational Therapy (PT/OT) report, CVSO supporting documents/educational material
    - c) Vouchers: Vouchers from Edgewater Haven, Health Department, Human Services, Norwood Health Center, Veterans Service
- Consent agenda items will be acted upon by the Health and Human Services Committee in one motion without discussion unless a Committee member requests an item(s) be removed for discussion and separate consideration**
- 5) Discussion and consideration of item(s) removed from consent agenda
  - 6) Financial Statements: Edgewater Haven, Human Services, Norwood Health Center  
Quarterly Reports: Veterans Service, Health Department
  - 7) Norwood and Edgewater update on Provider Relief Funds
  - 8) Health Department COVID-19 update
  - 9) Legislative issue updates
  - 10) Future agenda items
  - 11) Next meeting(s):
    - February 25, 2021; 5:00 pm Wood County River Block Building, Room 206 – Wisconsin Rapids
  - 12) Adjourn

---

### **Join by Phone**

+1-408-418-9388 United States Toll

Meeting number (access code): 146 289 9146

### **Join by WebEx App or Web**

<https://woodcountywi.webex.com/woodcountywi/j.php?MTID=m02b6cfc1ec5d61781c3b36c30e77c8>

Meeting number (access code): 146 289 9146

Meeting password: HHS0128

## HEALTH AND HUMAN SERVICES COMMITTEE

**DATE:** December 15, 2020

**PLACE:** Courthouse Room 114 – Wisconsin Rapids (meeting also accessible via WebEx)

**TIME:** 9:00 AM

**PRESENT:** Donna Rozar, Adam Fischer, Laura Valenstein, Kristen Iniguez, DO (via WebEx), Lee Thao; Jessica Vicente; John Hokamp

**EXCUSED:** Heather Wellach, RN, Tom Buttke

**ALSO PRESENT (for all or part of the meeting):** Sue Kunferman, Amy Kaup, Chad Schooley, Marisa Laher, Jason DeMarco, Jordan Bruce, Supervisor Ken Curry, Supervisor Bill Clendenning, Supervisor Dennis Polach, Trent Miner [*Some of these attendees were in the room and others joined by WebEx*]

**1) Call to Order**

Meeting called to order at 9:00 a.m. by the Chair.

**2) Quorum**

Rozar declared a quorum.

**3) Public Comments**

- n/a

- 4) Resolution to implore Wood County residents to take actions to stop the spread of the deadly COVID-19 virus.** Chair Rozar presented the resolution. Motion by Valenstein, seconded by Thao, to support the resolution as presented and forward to the County Board for approval. Discussion on current guidelines in respect to quarantines, and clarification by Kunferman in regard to same. Supervisor Valenstein intends to offer an amendment from the County Board Floor to indicate “as directed by the County Health Officer” instead of specific quantity of days. All ayes. Motion carried.

**5) Adjourn**

Rozar declared the meeting adjourned at 9:13 AM

Minutes taken by Trent Miner, County Clerk, and subject to Committee approval.

## HEALTH AND HUMAN SERVICES COMMITTEE

4a

**DATE:** December 17, 2020

**PLACE:** River Block Building, Room 206 – Wisconsin Rapids (meeting also accessible via WebEx)

**PRESENT:** Donna Rozar, Adam Fischer, Laura Valenstein, Kristen Iniguez, DO, Tom Buttke, Lee Thao; Jessica Vicente; John Hokamp, Heather Wellach, RN (joined via WebEx during agenda 8 discussion)

**ABSENT:** - - -

**EXCUSED:** - - -

**ALSO PRESENT (for all or part of the meeting):** Brandon Vruwink, Marissa Laher, Mary Solheim, Jo Timmerman, Mary Schlagenhaft, Jordon Bruce (Human Services); Rock Larson (Veterans Service); Sue Kunferman, Kathy Alft (Health Department); Reuben Van Tassel (Maintenance); Lisa Keller (IT); Bill Clendenning, Bill Leichtnam (County Board Supervisors); Craig Lambert (District Attorney); *(Some of these attendees were in the room and others joined by WebEx.)*

**1) Call to Order**

Meeting called to order at 5:00 p.m. by the Chair.

**2) Quorum**

Rozar declared a quorum.

**3) Public Comments**

- Tom Buttke read a personal statement in response to last meeting's mask discussion. He shared that he felt judged by words spoken that evening and requested more thoughtfulness and consideration when forming opinions without knowing of the experiences of others in the room.
- Bill Clendenning questioned why the Chair was not wearing the mask laying beside her while conducting the meeting.

**4) Consent Agenda**

Motion (Fischer/Hokamp) to approve the consent agenda. All ayes. Motion carried.

**5) Discussion and consideration of items removed from consent agenda**

- n/a

**6) Financial Statements – Edgewater Haven, Human Services Community, Norwood Health Center**

Department staff answered questions regarding information in the financial statements.

**7) Discussion of Norwood additional funding**

Jordon Bruce provided an update with funding expenditures.

**8) Human Services Update of Legal Representation in Chapter 48 Matters (Children in Need of Protection or Services, Minor Guardianships, and Termination of Parental Rights)**

Brandon Vruwink and Mary Solheim shared their perspectives with how progress continues towards collaborative work addressing concerns that were identified earlier this year and efforts toward improved positive dialogue. Craig Lambert, Brandon, and Mary responded to Committee member questions and concerns. Dr. Iniguez shared concerns that we might be missing pieces if we don't keep an open mind to consideration of change with current practice.

**9) Health Department COVID update**

Sue Kunferman shared metrics of current COVID situation in Wood County; and responded to Committee member questions. Sue also provided a vaccine update with anticipated shipment dates. Adam Fischer added comment in follow-up with Tuesday's resolution passed at County Board, if we are going to implore the public to "stay at home" we should set the example of doing the same. Motion (Fischer/Buttke) to have future meetings of this Committee held virtually until the Committee determines otherwise. Committee members, staff and other attendees would participate electronically and those members of the public who are unable to attend virtually may appear in a conference room that IT would have AV to the meeting available to them. 8 ayes 1 opposed (Rozar opposed and shared her reason). Motion carried.

**10) Human Services Telework update**

Brandon Vruwink referenced the motion made in May to approve the Health Department, Human Services, and Veteran Services to continue to allow teleworking thru 2020, and requested extended telework approval. Motion (Buttke/Thao) to allow extended telework arrangements for the departments this Committee has oversight at discretion of the Department Heads. All ayes. Motion carried.

**11) Youth Mentor Newsletter**

Brandon Vruwink highlighted sections of the newsletter that addressed outcomes, and shared his insight with investing in youth mentorship. Brandon described goals and focus of the program.

**12) 2021 HHSC meeting dates**

There was Committee consensus to continue meeting on 4<sup>th</sup> Thursdays of the month. Meetings will continue virtual as motioned during agenda item 9 update.

**13) Legislative Issue Updates**

Department heads provided updates regarding issues pertaining to their departments.

**14) Future Agenda Items**

The Chair noted items for future agendas.

**15) Next Meeting(s)**

- January 28, 2020, 5:00 pm, virtual meeting via WebEx (location of AV room setup for public to be determined)

**16) Adjourn**

Rozar declared the meeting adjourned at 6:35 p.m.

Minutes taken by Kathy Alft and subject to Committee approval.

If you have any questions about this report, please contact Sue Kunferman at 715-421-8928 (W) or 715-213-8493 (Cell) or [skunferman@co.wood.wi.us](mailto:skunferman@co.wood.wi.us)

**ADMINISTRATIVE REPORT – SUE KUNFERMAN, RN, MSN**

For a current case count, please see:

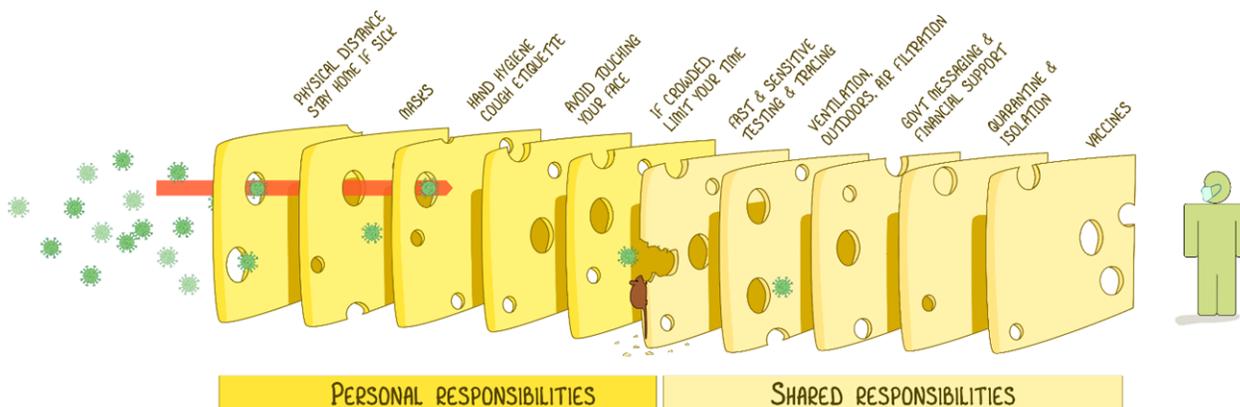

<http://woodwi.maps.arcgis.com/apps/opsdashboard/index.html#/da7f0d6815494e4b85e614e042671b14>

Here is an update on our larger scale efforts:

- **Communication** – We are shifting our primary communication efforts to focus on the vaccine. For vaccine information, visit: <https://www.co.wood.wi.us/Departments/Health/CovidVaccination.aspx>. Our biggest message right now is patience. We are receiving very limited quantities of vaccine on a weekly basis and are getting it into arms as quickly as we receive it. We continue to utilize social media as well.
- **Disease Reporting and Contact Tracing** – We are able to conduct disease investigations and contact tracing within 24 hours of being notified of a case. We continue to do the tracing as part of our efforts to reduce spread and not overwhelm the healthcare system. Our limited term employees continue to do an excellent job!
- **Testing** – We continue to see lower demand for testing and currently have good access to testing with quick turnaround time.
- **School Planning** – Our schools continue to do an amazing job. While we would love for our schools to be able to go all in-person county-wide, there are many barriers to making that happen. As one example, Kimberly is the only district in WI similar in size to Wisconsin Rapids to be all in-person. They have a new school with space that enables them to assure physical distancing. I am having discussions with DHS, and Dr. Falk is as well, to see if DHS/DPI might consider changing their guidance to not require quarantine of staff and students if they were properly masked. This would help tremendously and we could get more kids back in school. Masking compliance in our schools is remarkable.
- **Vaccination** – We are continuing to work through Tier 1A healthcare workers. This is a very large group of folks. Our hospital systems are doing their own staff, but many of these Tier 1A workers are not affiliated with a health system (dentists, eye doctors, physical therapists, funeral directors, coroners, chiropractors...the list is long). Marshfield Medical Center is ramping up to help with some of these folks and Norwood has stepped up to help as well (THANK YOU NORWOOD!). We are in discussions with Aspirus Riverview about how we can partner to take care of healthcare workers outside their walls. We held our first clinic at the health department the first week in January and plan to hold clinics 1-2 days/week. We cannot move on to Tier 1B (essential workers, those over 70, etc.) until we are done with Tier 1A statewide, though I am hearing of some jurisdictions sort of doing their own thing.

**THE SWISS CHEESE RESPIRATORY VIRUS PANDEMIC DEFENCE**

RECOGNISING THAT NO SINGLE INTERVENTION IS PERFECT AT PREVENTING SPREAD

EACH INTERVENTION (LAYER) HAS IMPERFECTIONS (HOLES).  
MULTIPLE LAYERS IMPROVE SUCCESS.

## DHS and Laboratory Partners Identify Variant Strain B.1.1.7 of SARS-CoV-2 in Wisconsin

On January 12, the Wisconsin Department of Health Services and laboratory partners identified a variant strain of SARS-CoV-2, the virus that causes COVID-19, in Wisconsin.

The particular variant, referred to as B.1.1.7, was first discovered circulating widely in England during November and December of 2020. Based on epidemiologic and modeling studies, researchers believe that this new strain spreads more rapidly and easily than the original strain of SARS-CoV-2. However, there is no evidence that the new strain causes more severe illness or increased risk of death.

“We already know that COVID-19 is easily transmitted through respiratory droplets, and with this new variant appearing to be even more infectious, taking preventative measures like wearing a mask and physically distancing are even more important,” said DHS Secretary-designee Andrea Palm.

In Wisconsin, the strain was identified through ongoing surveillance and whole genome sequencing, a routine practice since the onset of the COVID-19 pandemic. All viruses, including the virus that causes COVID-19, change through mutation, and new variants of the virus are expected to occur over time.

“Mutations among viruses are very common. It’s not unusual – in fact, it’s expected. As time goes on in the pandemic and the virus continues to replicate on a large scale, the genetic sequence of the virus will change,” said Chief Medical Officer Dr. Ryan Westergaard.

DHS, the Wisconsin State Laboratory of Hygiene, and other laboratory partners regularly work together to ensure whole genome sequencing is performed on a small proportion of tests collected. This routine analysis of genetic sequence data assisted in identifying the new variant strain in Wisconsin.

Now in the second year of the COVID-19 pandemic, molecular surveillance of SARS-CoV-2 will increase in importance to quickly identify and understand new variants. DHS and laboratory partners continue to analyze genetic sequence data to stop the spread of COVID-19. With emerging mutations of SARS-CoV-2, and those that may be more infectious, it is critically important to follow best public health practices, including wearing a mask, staying home, maintaining physical distance, and washing hands frequently.

For up-to-date information about Wisconsin’s COVID-19 response, visit the [DHS COVID-19 webpage](#). We encourage you to follow @DHSWI on [Facebook\(link is external\)](#), [Twitter\(link is external\)](#), or dhs.wi on [Instagram\(link is external\)](#) for more information on COVID-19.

- 
- **Speaker Holding Presentations for Health Department Staff:** Greg Young is holding four weekly sessions for health department staff. They started on January 12 and are held from 12-1:00. Topics include: [Stress Reactions/Stress Mitigation](#), [PTSD and Moral Injury in Public Health](#), [Resilience and Post-Traumatic Growth in Challenging Times](#), and [Reconnecting to Your Purpose](#).

## Greg Young

### Trainer

Greg Young is the Head Chaplain and Critical Incident Stress Debriefing for the Germantown Police Department. In addition Greg is an International Law Enforcement Education Training Association Member. He is also a chaplain for the FBI in Wisconsin. In addition Greg is a crisis responder for various agencies, providing Critical Incident Stress Debriefings and follow-up care where needed. Greg also has provided training for the Milwaukee Police Officer Support Team, the Brown County Sheriff’s Office Peer Support Team, the Waukesha County CISM team, the Dodge County Sheriff’s Office Debriefing Team, the Whitewater, Wisconsin Police Department Peer Support Team, and many others.

## Pfizer and Moderna Vaccine Comparison

Dec. 22, 2020

In December 2020, two COVID-19 vaccines were granted Emergency Use Authorization (EUA) by FDA. Produced by Pfizer/BioNTech and Moderna, both vaccines use the same technology (mRNA). However, some noteworthy differences between the vaccines exist. A comparison of key details about both vaccines can be found below. This list is not exhaustive. For further details see the FDA EUA document for [Pfizer/BioNTech](#) and [Moderna](#).

	<b>Pfizer/BioNTech vaccine</b>	<b>Moderna vaccine</b>
<b>Target population</b>	<ul style="list-style-type: none"> <li>Approved for people aged 16 and older.</li> </ul>	<ul style="list-style-type: none"> <li>Approved for people aged 18 and older.</li> </ul>
<b>Vaccine efficacy</b>	<ul style="list-style-type: none"> <li>95% effective at preventing symptomatic COVID-19 infection.</li> <li>Efficacy rates did not vary based on demographic factors like age, race, or ethnicity.</li> <li>Insufficient data to determine if asymptomatic infection or infection transmission is prevented.</li> </ul>	<ul style="list-style-type: none"> <li>94.1% effective at preventing symptomatic COVID-19 infection.</li> <li>Slightly lower efficacy in individuals older than 65. No difference in efficacy based on race or ethnicity.</li> <li>Insufficient data to determine if asymptomatic infection or infection transmission is prevented.</li> </ul>
<b>Vaccine administration</b>	<ul style="list-style-type: none"> <li>Two shots are required, delivered 21 days apart. January 12, 2021

Wood County Health Department  
ATTN: Sue Kunferman, Director/Health Officer  
111 W. Jackson Street – 3<sup>rd</sup> Floor  
Wisconsin Rapids, WI 54495

Dear Director Kunferman,

As we welcome a new year, I am sure all of us are hopeful and looking forward to a better, more stable and healthier future. That said, the unforeseen and oftentimes unforgiving challenges we faced in 2020 brought a ray of light to the ND Paper family. That ray of light is the Wood County Health Department.

I am sure this isn't news to you, but you and your team are a group of heroes, whose courage, generosity and commitment to your community is unparalleled. Throughout the year, ND Paper, like so many other companies and organizations, was impacted directly by the COVID-19 pandemic. The virus has harmed our people, threatened our work and shook the very fabric of our company. It has become personal for us in ways that no one ever imagines.

While our teams on the ground and from other parts of our company have responded with speed and efficiency, we are not equipped to handle a global health crisis by ourselves. Without the slightest of hesitations, your team was there to answer our call. Your efforts have helped us overcome our darkest days and stem our COVID outbreak before it became any worse.

Without the knowledge, guidance and constant stream of vital information your team has provided, we would have been flying blind. In any crisis, communication and accurate sources of information are essential. There have been so many new terms and definitions and procedures—from rapid testing to correct quarantine policies—that have changed or altered monthly, weekly and sometimes daily. As those as well as other CDC guidelines have adjusted, you have kept us up to speed which has kept our people safe and helped us continue operating. You have also, on more than one occasion, been an extension of our team. When we have been faced with difficult decisions or scenarios, you have been our sounding board. As we have made enhancements and changes to our business, which have required us to safely bring experts in from out of the country, you have helped us coordinate testing. Beyond our business, you have offered and facilitated support for our employees, which has helped to guide many of them through personal challenges caused by the pandemic.

I could keep going. To put it bluntly, though, your team's professionalism and dedication are matched only by your empathy and grace. All of this gives me hope. Hope for our employees, hope for our community, and hope for our collective future. Because with a partner like you, I am confident that whatever crisis we face, we can overcome it together. From the bottom of my heart, thank you. I wish you, your families and your entire organization nothing but the best in this new year.

Sincerely,

Ken Liu  
Group Deputy Chairman and Chief Executive Officer (North America)

SAFE. SCALED. SUSTAINABLE.

## **COMMUNITY HEALTH IMPROVEMENT PLANNER REPORT – KRISTIE RAUTER EGGE, MPH**

### COVID-19 Response

The team continues to provide support with staging in WEDSS, answering phone calls from community members regarding COVID-19, and aids in conducting contact tracing and disease investigations. There is continued effort to provide COVID-19 testing to those who need it. This includes communicating with teams to staff sites, organizing supplies, and coordinating pick up of tests by a courier. The amount of tests being done has decreased, but testing is still available for close contacts of people who test positive for COVID-19 or people with symptoms.

### Communication

The Community Needs Task Force continues to send weekly newsletters by email highlighting important information related to the pandemic in Wood County and is administering an ongoing survey to help identify community needs. December newsletter topics included: An update on mask research; The COVID-19 vaccine; Antigen, antibody, and PCR tests; and, Benefits of getting tested for COVID-19. *If you are not receiving this newsletter and would like to sign up, just let Sue know.*

Wood County Health Department placed an ad in the Spanish newspaper, Noticias, in an effort to reach a greater number of the Hispanic population who live/work in Wood County. This population has been disproportionately affected by COVID-19 in our community, so special attention is being paid to ensure communications are being translated into Spanish and Hmong to reach a majority of the non-English speaking populations. The newspaper ad highlights COVID-19 testing information, signs and symptoms of the disease, and the importance of receiving the seasonal influenza vaccination.

Several COVID-19 vaccine graphics have been created for social media and local data is updated daily and posted to Facebook and the Wood County website.

### Data

Vaccination metrics were researched and discussed as an additional part of the epidemiological efforts of the Wood County Health Department. Adjustments were also made to the gating metrics.

### AOD Prevention Partnership

The Healthy People Wood County AOD Prevention Partnership was awarded a FY 2020 Drug-Free Communities Support Program grant in the amount of \$125,000 per year for the next 5 years by the White House Office of National Drug Control Policy, in cooperation with the Centers for Disease Control and Prevention. The coalition serves southern Wood County (Wisconsin Rapids, Grand Rapids, Port Edwards, and Nekoosa), a community of 29,470. The goals are 1) Establish and strengthen collaboration among community sectors, residents, and those with lived experience to support South Wood County efforts to prevent and reduce substance use among youth ages 12-18 by September 29, 2021, and 2) Reduce substance use among youth and, over time, among adults by addressing the factors in South Wood County that increase the risk of substance use, while promoting the factors that minimize the risk of substance use, by September 29, 2021. The coalition will achieve its goals by:

- Maintaining and strengthening the infrastructure of AOD Prevention Partnership: Recognize coalition members; create and disseminate an end of year report highlighting program successes; conduct annual strategic planning process; develop capacity and effectiveness of coalition leaders; facilitate coalition meetings; and review/develop policies to strengthen infrastructure.
- Reducing underage drinking among youth ages 12-18 in South Wood County: Conduct a community needs assessment on underage drinking; implement a public awareness campaign; enhance empowerment and skills of youth through the development of a Providers And Teens Communicating for Health (PATCH) program; assess programs, practices, and policies for serving alcohol at community festivals; conduct a survey of alcohol advertising; and implement the Wood County CARES (Community Alcohol Resources for Establishments and Servers) program.
- Reducing prescription drug misuse among youth ages 12-18 in South Wood County: Conduct a community needs assessment on youth prescription drug misuse; implement a public awareness campaign; enhance empowerment and skills of youth through the PATCH program; enhance prescription drug disposal efforts; install a sharps disposal box; increase access to naloxone; assist pharmacies with implementing the Standing Order for distributing/prescribing naloxone; and, explore process to incorporate Non-Pharmaceutical Rx program into health care electronic medical records system.

*The Marshfield Clinic Center for Community Innovation also has a drug-free communities grant serving north Wood County. We collaborate closely with them on this work.*

In December, the Central Wisconsin Partnership for Recovery workgroups began meeting to address targeted youth interventions, safe and sober housing, and peer recovery support. This group also provided support for the Wood County Jail Discharge Planner position. These efforts align nicely with the Wood County Community Health Improvement Plan initiatives.

### Community Needs Task Force

Special outreach to the school districts brought to the group's attention that there is a need for child-sized masks, as most of the donated masks the schools have do not properly fit youth in the younger elementary grades. Volunteers are being asked to sew cloth masks that will fit children of these younger grades.

Wood County community resource lists for food, financial assistance, and safety/wellbeing have been updated and translated into Spanish and Hmong. These documents are distributed to individuals who identify a need for assistance in one or more of these areas, as well as all individuals who have tested positive/were identified as a close contact to help them complete their quarantine/isolation.

### Incarceration

A Wood County Jail Workgroup meeting was held in December. The workgroup gave updates on the action plan progress, and had a discussion with the new Jail Discharge Planner and Criminal Justice Coordinator. A question was posed around the interest in starting a Jail Data Workgroup to serve as an offshoot of the larger Jail Workgroup. There was some interest and later a meeting was held with Sheriff Becker and Ted Ashbeck to discuss such a workgroup. The first Jail Data Workgroup meeting will be scheduled for the beginning of February.

### Health Equity Team

A virtual training through Human Impact Partners (HIP) is being planned for the Health Promotion team and Health Equity team to further the work within the health department. This training is expected to take place at the end of February or beginning of March.

Data collected from WCHD employees on a health equity survey is being analyzed and will provide insight to move the work forward internally. The survey results will be reviewed by the Health Equity team and the action plan will be modified to reflect areas that should be focused on.

### Mental Health Matters

Staff attended the Public Health Open Forum annual conference virtually. This conference covered many topics involving quality improvement within Public Health. There are multiple tools provided through the conference that would likely help improve the work of the coalition as a whole. Once regular meetings start occurring again, the team is looking forward to incorporating these tools within the work.

The student group wrapped up during December as well and presented virtually for a colloquium held by their school, UW-Eau Claire. The students presented their findings from the student project based on Battle Fatigue and the Public Health Workforce. The student group delivered a plan at the end of their placement. Additionally, another student from UWSP will be hosted for the spring semester to help with some Jail Data and Policy work.

### Active Communities

The River Riders Bike Share program is excited for a re-launch in spring 2021! The program will open to the community with the 30 bikes and 6 stations we had before. We have completed conversations with our new partner, Koloni Inc., and have purchased an additional 20 bikes and 4 racks to integrate into North Wood County. This increase in bikes helps to provide quality transportation access and recreational activity options. Throughout the winter months, our team will continue to have conversations with Koloni as the spring re-launch approaches.

## **ENVIRONMENTAL HEALTH REPORT – NANCY EGGLESTON, R.S.**

### Port Edwards/Armenia Groundwater Issues-MOU progress

There was no reportable activity on the MOU in December. Work continues on the DNR/UW groundwater study.

### COVID Response and Year End EH work

In December, Environmental Health Staff stepped back from COVID disease investigations and contact tracing. They began a rotation of staff members to respond to business questions and concerns. The business issues may come in from contact tracers or disease investigators, or from the general public. The reduction in COVID response duties allowed for completion of year-end Environmental Health program requirements. All transient non-community water supply establishments were sampled in 2020. The final fall school inspections were completed as well. Two pool re-inspections were completed due to unsafe chlorine levels.

### Radon Awareness Campaign

On Dec 1<sup>st</sup>, Kate Carlson gave a radon presentation via zoom to a realtor's office with several agents participating. There will be a billboard in Marshfield and Wisconsin Rapids promoting radon testing.

### New Businesses and Consultations

A pre-licensing inspection was done at Cupcakes on 8<sup>th</sup> in Marshfield. It is a re-opened retail food store selling cookies, cakes, bread, and pizza rolls. A pre-licensing inspection was done at J & S Processing, a retail meat establishment in Marshfield. A pre-licensing inspection was conducted at Saddle Up Saloon in Babcock. A pre-licensing inspection was

done at Subway West in Wisconsin Rapids due a change in ownership. Plan reviews were done for Starbucks and Hampton Inn in Marshfield.

Temporary Food Events

Temporary food events were licensed at Powers Bluff in Arpin and at Lonely Oak Farm in Milladore.

Complaints

Fifteen complaint investigations were received in the month of December.

- A complaint came in regarding bedbugs in an apartment complex. The landlord’s attempts to treat were unsuccessful, and he has now hired a pest control company.
- A complaint was made about a rat infestation at a home in a neighborhood. The landlord was contacted and hired pest control to eliminate the infestation.
- A complaint came in from a housing facility from an overnight care giver. She is getting bitten by insects at night. She will provide photos of the insects for us to identify the type of infestation. They discarded furniture that seemed to be causing problems.
- A caller complained about smoke from an outdoor wood boiler causing issues for a neighboring apartment building.
- A complaint was received about mice in a rental unit. The landlord provided traps and mouse poison. The tenant will call back if it the problem continues.
- Three complaints came in from the same apartment complex regarding bed bugs and potentially cockroaches in one of them. One tenant does not want pest control in the apartment, though the landlord is trying to be proactive and identify all affected units.
- A tenant complained of cockroaches in her apartment. The landlord planned to treat, but decided not to. They are asking for proof of an infestation before treating.
- Multiple calls came in from a tenant concerned about bed bugs in his apartment. The landlord unsuccessfully tried to treat the apartment building on his own. An abatement order was written to require an assessment and treatment by a professional pest control company.
- A complaint came in regarding poor glove use and no mask use at a restaurant. The owner was contacted and she will go over the requirements with staff.
- A customer reported finding bed bugs at a hotel. The owners were contacted and they have bed bug heat treatment equipment and will treat that room and each room above, below, and beside this room.
- A customer reported cold food on a buffet at a restaurant. The hostess told them the heater was broken. Tim contacted the manager and the equipment was already repaired. They discard all food left on the buffet after their lunch time.
- We responded to a consumer complaint about the lack of mask use in a restaurant.
- A customer reported that his child got sick after eating at a restaurant. No other reports were received by the restaurant or by our department so no food borne illness investigation was initiated. The owner was made aware of the complaint and said that the food they ordered was made to order, not off the buffet.

**HEALTH PROMOTION AND CHRONIC DISEASE TEAM REPORTS**

Oral Health Program – Erin Fandre, RDH

The sealant program is in progress at the elementary and middle schools. We are continuing to provide oral screenings, education, and fluoride varnishes. The first fluoride varnish visit has been completed at all of the Wood County Head Starts and the second fluoride varnish visits have begun. We have provided preventative dental care to 796 children so far this school year.

**WOMEN, INFANTS AND CHILDREN (WIC) REPORT – CAMEN HAESSIG, RD, CD, CLC**

- WIC continues to complete all appointments over the phone during this time. The physical presence waiver to allow appointments over the phone currently goes through February 20<sup>th</sup>. The waiver is tied to the public health emergency declaration and will allow phone appointments to continue 30 days past the expiration of the public health emergency declaration.
- Wood County WIC welcomed our newest dietitian, Wendy Barth, to the team at the beginning of December. She is our WIC vendor manager, Fit Families lead, and does nutrition counseling with WIC participants during their WIC appointments.

## WOOD COUNTY HUMAN SERVICES DEPARTMENT REPORT January 18, 2021

### Director's Report by Brandon Vruwink

We continue to participate in bi-weekly video meetings with Wipfli regarding the Provider Relief Funding. Kim Heller is the lead person from Wipfli, providing guidance on reporting and eligible expenses. The meetings have been beneficial as we continue to navigate this complex process. We will provide an additional update at the H&HS Committee meeting.

Edgewater Haven and Norwood Health Center have completed their first round of vaccinations. The teams at both facilities have done a great job organizing the vaccination clinics. Everyone who expressed an interest in being vaccinated was offered an appointment. Staff and residents will have additional opportunities to be vaccinated in the future.

Sheriff Becker, Captain Ashbeck, Pamela Ashbeck, Sarah Salewski, and I will be meeting on January 27 to discuss the Jail Discharge process. When the Jail Discharge Case Manager position was created, we agreed it was important for us to meet quarterly. This will be our first meeting since Sarah started as the Discharge Case Manager. We will be reviewing our data collection process to ensure we are collecting all relevant information. Further, we will discuss how we can continue to collaborate and develop the program to meet the needs of those scheduled for release from the Wood County Jail.

In collaboration with the State of Wisconsin Department of Children and Families, the Family Services Division is preparing for the implementation of the Family First Prevention Services Act (FFPSA). The goal of FFPSA is to keep children with their families. The law shifts resources away from group care settings and toward in-home prevention services. Over the past two years, we have begun shifting our case management practice to a prevention-based model. We have developed in-home supports and expanded our parenting curriculum. The law expects that when a child cannot safely remain in their home, the county will make every effort to place a child with a relative or like-kin caregiver. When that is not possible, the next preference is to place children with foster families. The overall goal is to reduce the number of group home and residential placements. It is expected the state legislature will draft legislation to provide additional guidance to counties.

The FFPSA is a considerable shift for Child Welfare agencies. We are prepared for this change and look forward to fully implementing the new service requirements. One of the challenges is ensuring we are capturing the data necessary to demonstrate the successful implementation of FFPSA. We are beginning these discussions and will be working with our partners at the state level to ensure we meet the benchmarks. We will keep you updated as we work toward the first phase of implementation beginning October 1, 2021.

### Deputy Director Update by Mary Solheim

*Adolescent Diversion Program:* We continue to work to actively engage those youth we are serving through this program. By design of the program (or intervention), we will work with each youth for a total of 18 weeks. From the program's launch in late summer, 2020, we have been able to accept a total of 14 youth, four of whom are very near completion.

As data remains important to us in tracking our programs to determine success, I will highlight a piece of the tracking process which we are undergoing with the assistance of an organization known as the Search Institute (<https://www.search-institute.org/>). Through its research, the Search Institute has identified that when youth have few assets, they are more likely to engage in a wide array of high-risk behaviors. Conversely, when youth have more assets, they are more likely to thrive now and into the future, are less likely to engage in high-risk behaviors, and more likely to be resilient in the face of

challenge. Through our data tracking, we will have each youth complete a pre-program survey as well as a post-program survey with a tool is known as a Developmental Assets Profile (DAP). It measures our youth's strengths, supports, and social-emotional factors that are essential for their success in school and life. The tool focuses on 58 total questions to determine things such as how much support our youth have, if they feel empowered, their commitment to learning, and understanding of boundaries and expectations. As we review the results of these surveys, we are reminded of how intensively working with our youth who are at risk of entering into the youth justice system can completely change the trajectory of their lives.

*Learning/Training:* Within Human Services, we continue to recognize those staff within each of our divisions are some of our most valuable assets. In an effort to support them and their corresponding impact on our community, we continue to look for training opportunities. We were fortunate to be able to offer some in-house trainings to our Family Services Team in the latter part of 2020. I was specifically able to prepare and present information to provide our social workers with some of the tools necessary to help them in their daily work starting from the time it is determined a child must be taken into temporary physical custody and filing a petition, through various permanency options including the child's return to home, securing a guardianship, and seeking to terminate a parent's rights. While it is necessary to be aware of the process we must work through if a child is taken into temporary physical custody, we continue to focus on researching and educating one another on how we can keep our children and youth safely in their homes. Those efforts are supported, in part, by funding through the award of Targeted Safety Support Funds, among other resources. Please see the Family Services update below for additional information.

*Community and Wood County Departmental Connections:* As reported in our December 2020 update, in support of our efforts to maintain focus on being fiscally responsible as a County, I worked closely with the Clerk of Circuit Courts Office to submit an application for Title IV-E Pass-Through Funding. As of the submission of the December update, we were awaiting an announcement on whether or not the application would be approved for funding. The pass-through funds would come through Human Services to the Clerk of Circuit Court's Office. The funds cover a percentage of the legal fees connected with the legal representation for attorneys appointed by the Court to represent parents and children in matters where children are alleged to be in need of protection or services, guardianship, and termination of parental rights under Chapter 48. The appointment of a Guardian ad Litem is a statutory requirement for matters under Chapter 48, so expenses are guaranteed to occur within the County's budget. The work on this application involved providing a detailed process and tracking as well as drafting a Letter of Agreement. We are pleased to report our collaborative efforts resulted in an award and a corresponding positive impact to the Clerk of Circuit Court's 2021 budget.

Human Services also continues to partner with the Marshfield Child Advocacy Center along with the District Attorney's Office, local law enforcement agencies, the Marshfield Clinic Health System, Inc., Family Center, Inc., Personal Development Center, and members of the community with the goal of working together to minimize the further trauma of a child victim or witness of abuse, while conducting necessary investigations. The Marshfield Child Advocacy Center provides a friendly and neutral site for the interview and medical examination of suspected victims of physical abuse, sexual assault, neglect, witness to violence, and drug endangerment. The center further provides advocacy and support for the child and non-offending family members. We have a number of children and families we work with interviewed and/or examined within the center.

For an additional update on our community connections, please see the Family Services' update on Kids at Hope by Division Administrator, Jodi Liegl.

## Administrative Services Update by Jo Timmerman

Edgewater and Norwood Accountants worked on CARES Relief funding cost reporting. We have been attending regular meetings with the Wipfli group to discuss and review work to date.

I attended the monthly Operations Committee and Health and Human Services Committee meetings.

I attended weekly SmartCare Core and Billing Setup meetings.

Other meeting I attended throughout the month included: Bi-weekly Administrative Team meetings, bi-weekly Norwood and Edgewater budget meetings with management teams, and Norwood weekly Department Head meetings.

Both Fiscal and Support Services staff worked on Smart Care health records and billing software system setup.

Community programs Fiscal and Support staff worked through the first stage of the network drive clean-up project. Work continues on this with development of a folder structure for Administrative Services Division and transfer of files from the existing drive to the new drive.

Succession planning continued with staff attending weekly Division trainings covering various subjects. These weekly training sessions will continue into mid-April.

Yearend /Audit preparation work is in progress.

*Personnel Updates:* We have two retirements to announce within the Support Services Unit. After 12 years of service to Wood County, Beth Hiller has decided to retire. Beth is a Transcriptionist/Secretary working at the Marshfield location. Beth's last day will be February 5. Jeanne Breen has also announced her retirement after seven years' service to Wood County, first at our 12<sup>th</sup> Street location and currently at our River Block location. Jeanne is our CCS/CSP Secretary; her last day will be February 3. I have enjoyed working with both ladies and will miss them. We all wish them well as they begin this new chapter in their lives. With these two additional pending vacancies, Administrative Services Division will have four open positions within Support Services. Those four positions are: Records Secretary at Marshfield location, Secretary/Transcriptionist at Marshfield location, CCS/CSP Secretary at River Block Location, and Main Lobby Receptionist at River Block location. In addition to our four vacancies, we also have two Fiscal staff out on FMLA.

Additional projects worked on by staff:

- Attended multiple SmartCare meetings via Web-Ex
- Prepared NIMC ACH
- Reviewed 2021 Transportation Grant for funding submission
- Attended Operations Committee Meeting Via Web Ex
- Met with staff from Edgewater location via phone
- Attended weekly Edgewater stand-up meeting
- Sent NIMC Reports to Consortium financial Leads
- Completed multiple Edgewater training courses online
- Collaborated with other managers for DOJ Background Process & Policy
- Attended monthly TSSF teleconference
- Attended Edgewater Fiscal budget meeting
- Reviewed and approved Journal Entries entered by Accounting Clerk
- Attended Bureau of Long Term Care Stakeholder Meeting
- Attended C-19 meeting presented by WIPFLI via Web-Ex

- Attended Health and Human Services Committee meeting via Web-Ex
- Attended CLTS Teleconference via Web-Ex
- Provided reports for NIMC budget meeting and attended same meeting
- Reviewed and provided comments for Financial Reports and voucher reports
- Prepared and sent out multiple department budgets, going over budget projections
- Reviewed and approved time off and time cards for employees
- Reviewed and approved account reconciliations
- Attended Succession Plan Meeting
- Reviewed 2019 WIMCR settlement and prepared revenue entries
- Supported Administrative Support Management Team

### **Behavioral Health Services Update by Stephanie Gudmunson**

Last year, the Wisconsin Department of Health Services began implementing new requirements for the Children's Long Term Support (CLTS) Waiver Program to eliminate the waiting list for services. County Waiver Agencies were directed to begin enrolling all children that were currently on their waiting list and to have them enrolled by 12/31/2020 in order to effectuate state-level waitlist management by 01/01/2021. All children who were on the waiting list were made fully funded. We were not able to completely eliminate our waiting list by 12/31/2020 due to staff capacity issues. A new Support and Service Coordinator was approved on 02/18/2020 and a lengthy recruitment process followed in order to find a qualified candidate. The position was filled 09/08/2020. The delay in hiring and time required to train, impeded our ability to take more kids off the waiting list. There were 30 kids still on our waiting list as of 12/31/2020.

As of 01/01/2021 the new state-level CLTS Budget and Administration program went into effect. Under the new program, the state keeps the waiting list and assigns enrollable children to the County Waiver Agency. DHS will place a predetermined number of children in enrollable status on the first Monday of every month. All children placed in enrollable status are considered to be fully funded and the County Waiver Agency must move to enroll and begin service planning immediately. In addition, all children remaining on the waiting list from 2020 must be enrolled by March 31, 2020. Timelines are established for the County Waiver Agency on how long they have to screen all referrals that come in and then to enroll the children assigned each month.

With adding the new position in 2020, we have four full-time Support and Service Coordinators who have all been working hard at enrolling new children. In order to eliminate the current waiting list all service coordinators will have full caseloads of 35 enrolled children each and the program manager will have to also take additional cases, going from 10 to 17. We anticipate there will be additional children to enroll each month. There are currently 11 kids pending functional screens that will most likely qualify and be added to the waiting list in the next few weeks. DHS continues to remind County Waiver Agencies that the Centers for Medicare and Medicaid Services (CMS) do not allow a CLTS Waiver waiting list due to staff capacity issues. The number of children that qualify for Waiver services has been increasing each year.

2014 – 61 children served/enrolled  
 2015 - 66 children served/enrolled  
 2016 – 71 children served/enrolled  
 2017 – 76 children served/enrolled  
 2018 – 117 children served/enrolled  
 2019 – 126 children served/enrolled  
 2020 – 137 children served/enrolled

## Community Resources Update by Steve Budnik

**Transportation:** In December, we provided 749 rides on our buses. This is a one ride increase from November. A majority of our rides are still for employment (267) and shopping (222) trips. The transportation department also submitted the 85.21 grant, which provides continued funding for next year. The results of this grant will be delivered by March.

**WHEAP:** Since October 1, 2020, out of 2462 applications, 1509 households have received energy and heat assistance. This is an increase of 3.29% from last year at this time or a surplus of 48 customers. Some trends to the rise in applications include unemployment, overall financial burden from the COVID-19 pandemic, and customers' ability to apply online.

**Community Elves Program:** The Wood County Community Elves Program, formerly known as the Holiday Cheer Program, was a real miracle! As we all know, 2020 was full of unknowns and unrest. The Community Elves Program wanted to be sure that the children in Wood County would have something special to open during Christmas. With the help of many generous sponsors, employees of Wood County, and the community of Wood County, the elves were able to help over 700 individuals and families. A record 3,000 gifts flowed in and out of the building, making their way to well-deserved homes. Many grateful tears and tokens of appreciation were received! We look forward to continuing this program for many years to come and ensuring community members that the elves are always looking out for them to lend a hand whenever needed. Please see below for some of the pictures taken in connection with the program. We appreciate the efforts of those in the captured pictures as well as many more staff who contributed to program efforts.

Pictured above is a snapshot of the gifts received for the 2020 Community Elves Program. The River Block Auditorium was full of presents for families and children to receive in Wood County.

Pictured above is Community Resource Supervisor Steve Budnik and Economic Support Specialist Trisha Zurfluh wrapping presents for the Community Elves Program. Many human services employees volunteered to assist with wrapping, sorting, and delivering the presents.

Pictured above is Volunteer Coordinator and Project Manager Alysa Dunn and Economic Support Specialists Amber Layton, Amanda Much, and Amber Layton, making last minute purchases for families and children. Cash donations were received by generous community members for the purchase of presents.

Picture above is Bus Driver Denise Wosick. Denise picked up gifts from the Pittsville Library using the 16 passenger bus as there were so many they would not fit into a regular car. The presents included a bike and junior trampoline.

### **Edgewater Haven Update by Marissa Laher**

In the month of December we had 4 admissions and 7 readmissions with a memory care census is 16 residents.

Census comparison to last year:

December 2019 – 48.71 average census with 6.42 rehab

December 2020 – 46.61 average census with 4.58 rehab

Admissions/Discharges Comparison:

December 2019 – Admissions 11/Discharges 13/Readmissions 10

December 2020– Admissions 4/Discharges 5/Readmission 7

We were unable to take any admissions to all three of our wings for most of December due to COVID-19 outbreak status on each of the wings. The four admissions we were able to take all came in the first couple of days in December. We were able to clear our outbreak status on January 4<sup>th</sup> to be able to take admissions and are building our census back up. As of writing this, we have already had nine admissions in January. We also faced intense staffing issues as we had two full time CNAs and four full time nurses all out at the same time during a period of December.

As of writing this on 1/15, we have:

- 0 active resident cases
- 2 residents who passed away during their COVID-19 isolation precautions
- 1 recovered resident
- 0 active staff cases
- 20 recovered staff cases

We were ecstatic to have our first vaccination clinic on 1/12. Walgreens was on site to administer the Moderna vaccines to our staff and residents. Over 100 vaccines were given with a very high compliance rate for residents and a great turnout for our staff. We will hold our next clinic the first week of February where everyone who received their first dose will receive the second and new admissions or staff are

able to receive their first dose. Staff continue to be tested twice a week as the county positivity rate remains above 10%.

We are in the planning stages for our 2021 capital improvement projects. We hope to start on Phase 2 of the 300 S remodel in March or April. The 300 S space is currently reserved as our COVID-19 isolation wing where we would care for COVID-19 positive residents due to it having a separate air handler from the rest of the building. There are eight rooms left to remodel to on 300 S, which includes replacement of flooring, installation of a vanity, adding built in drawers/closet, and putting an ADA compliant bathroom in each room. This will complete the renovation of 300 wing. We are also in the planning stages for the replacement of our antiquated call light system, which will be a very big undertaking. We are in the process of exploring our options for systems and preparing to put the project out to bid.

### **Family Services Update by Jodi Liegl**

Wisconsin Department of Children and Families awarded our department \$140,700.00 in Targeted Safety Support Funds for 2021. This is an increase over our 2020 allocation of \$132,000. This program has the goal of keeping children safely in their homes by providing supports and resources to build on the family's existing strengths, increasing protective capacities, enhancing a family's informal support system, and preventing future maltreatment. All of this greatly reduces the trauma a child experiences when removal occurs due to an unsafe situation. The program also supports families when reunification occurs following an out of home placement. Financial assistance is available to the family when linked to the program goals of ensuring child safety. Through this program, workers involved with the family complete a monthly time study to allow financial reimbursement of their time. We look forward to utilizing this program with families throughout 2021 to achieve the goals of reducing out of home placements and allowing reunification to occur sooner when removal is necessary.

One of the transitions Family Services is moving forward with in 2021 is paper files to paperless. The preparation for this switch started in the latter part of 2020 with the launch in January 2021. This transition will be a process, particularly for our current files. Moving forward, all documents will be scanned into the database, eWiSACWIS (electronic Wisconsin State-wide Automated Child Welfare Informational System). This practice will allow for more streamlined information gathering, easier accessibility to information, increased secure storage of files, enhanced communication with other counties around case management and safety decision making.

After the successful launch of Kids at Hope in November, we are moving forward with Module 2 Train the Trainer. This in-depth training opportunity will take place on January 26 and January 27 for approximately 30 individuals from our agency as well as community partners who have expressed commitment to continue to practice, teach, and spread the cultural framework through their daily work. The training itself is a two-day training with the focus of the first day on revisiting the material presented in the November launch in order that the attendees can master the content and be able to facilitate and train with the curriculum. Day two is dedicated to reflecting on our personal understanding of the science of hope, its research, principles, and practices, and how it aligns with all that is being offered to children and adults who serve them.

### **NorthCentral Programs Update by Lacey Piekarski**

FSET: The Wood County FSET Program continues to collaborate with River Cities High School (WI Rapids) for on-site, virtual, employment and training case management support for youth ages 16 and older. As of January 15, 2021, ten youth are enrolled and engaged, focusing their goals primarily on employment preparation and support, job search basics and driver's education completion.

Through 2020 and into 2021, FSET collaboration with schools to share FoodShare and FSET information will continue. Ongoing collaboration continues with Charles F. Fernandez Center in Portage County with additional collaboration with the Adams County School District in spring 2021.

FSET includes a Career Services team, who partner with employers for direct referrals and support to obtain employment. Between October–December 2020, the 9-county FSET region referred 97 customers to the Career Services Team, directly connecting to partner employers (goal of 75). From those referrals, 52% of those customers were interviewed and 13 total individuals were hired.

FSET approved payment for one-time automotive repairs to 21 customers between September–December 2020. The average payment was \$772.03 per repair. By addressing the transportation barrier to obtaining and maintaining employment, this support service provides transportation support to customers to achieve their goals.

*Brighter Futures Initiative (LEP Program):* The LEO Program conducted the first annual survey of participants, evaluating youth successfully completing the program at least six months ago (April–October 2019). We sent out 114 annual surveys (via email and text) to measure the long-term impacts of the curriculum. Of these, 51 surveys were returned, a 45% response rate. The first annual survey demonstrated that 78.45% of students still ‘agree’ or ‘strongly agree’ that they found the program valuable 6–10 months after program completion.

The LEO Program engaged 210 Wood County youth in 2020. The program served five Wood County schools, developing new partnerships with two schools (Pittsville High School and River Cities Alternative High School) beginning sessions in 2021. In 2020, all Lincoln High School students (WI Rapids) received new, monthly LEO curriculum during their advisory time. 31% of youth reported an improvement in their ability to bounce back quickly after hard times. This improvement reflects strengthened resiliency in the youth, following the program.

*Children First Program:* This program served 29 new non-custodial parents in 2020, while continuing to provide services to 13 ongoing parents from 2019–2020. We exceeded our program goal to serve 30 individuals in 2020, serving 42 total individuals with intensive case management support. 18 of the 29 enrollments occurred between September – December 2020. The Children First Case Manager attended court hearings when back in session, ensuring all eligible individuals had the opportunity to enroll and engage.

*ELEVATE Program:* The Wood County ELEVATE Program, a partnership with CW Solutions and Wood County Child Support Agency, collaborates with WCHSD for employment and training and parenting curriculum support. In the first year of operation, ELEVATE served 38 customers. This is a huge success, despite program enrollments being suspended (per the state) for nearly four months. We support individuals in not only reaching their employment and training goals, but also in their parenting goals, which includes increased visitation with their children. The program averaged a 52% employment rate for enrolled customers. It also assisted three individuals with AODA-related barriers to employment by providing support with AODA Assessment fees and AODA-required classes through WCHSD.

### **Norwood Health Center Update by Jordon Bruce**

Our first 110 doses of the Moderna COVID vaccine has arrived! This has been something we have been waiting to hear for several months. Norwood began our first round of vaccinations to staff and residents who wished to receive the vaccine on January 5. Those who received the first dose will receive a booster dose 28 days later. Norwood is now a vaccinators site and we will continue to administer the vaccine to those in the 1A group as identified by Wisconsin’s Department of Health Services. We anticipate moving to the 1B group by the end of January and will continue vaccinating as we receive additional vaccines.

Norwood has not had any outbreaks or additional positive cases with residents or staff since December 15. We continue to provide COVID testing for residents and staff twice weekly. We now have an ample supply of rapid point-of-care tests, which has been helpful in identifying positive tests within 15 minutes. We continue to test all staff twice weekly and due to the community positivity rate, we are currently only allowing compassionate care visits at this time.

We continue to have bi-monthly calls working with WIPFLI on utilizing the Provider Relief Funds. We are submitting financial data as we begin preparing the information that will be required to be submitted in February as part of our first reporting deadline. I will provide another update at our HHS meeting under the COVID funding agenda item.

### **Norwood Nursing Department by Liz Masanz Admissions Unit**

The admissions unit has continued with Telehealth. Dr. Reimers provided extended coverage for us in December to allow Dr. Melnyk time off. We are working on a plan to slowly bring back our Providers to start seeing patients in person. We are currently waiting for our laptop order to arrive, which will allow our staff to be more mobile when switching between telehealth and in-person visits.

### **Long Term Care Unit**

As mentioned above, all but three of our residents have been given their first dose of the Moderna vaccine. We have not seen any significant side effects, other than a sore arm, similar to when receiving the flu vaccine. The resident continue to do a wonderful job with social distancing and mask wearing, given the circumstances. It is our hope that the vaccines are the start to seeing the light at the end of the tunnel and being able to return to some normalcy and visitation in the next few months.

### **Norwood Dietary Department by Larry Burt**

Congregate meals for the month of December totaled 9,700. Revenues for December totaled \$44,620. 2020 YTD meals are 123,949 and YTD revenues are \$570,165. For comparison, in 2019 our YTD meals were 122,751 and YTD revenue was \$561,045. Meals increased 1,198 and revenue increased by \$9,120 from 2019 to 2020.

### **Norwood Maintenance Department by Lee Ackerman**

Update on 2020 Capital Improvement Projects: The Level 4 Renovation, Phase 2 –Crossroads: The final cabinets and sinks were installed on the Crossroads unit just under the yearend deadline, despite not having the contracted installers able to enter the work area due to Covid-19 restrictions. The flooring material has been received, but installation was postponed due to those same restrictions preventing the installers from performing that work. Arrangements will be made to complete this task as soon as possible. Other than numerous wall patches and paint touchups, this project is nearly complete. My staff did a commendable job taking on the installation portion of this project.

#### Covid-19:

- Touchless faucets and flush valves have been installed in Crossroads and plans are in place to continue this work on Pathways now that we are no longer in an outbreak.
- Touchless light switches have been installed in nearly all locations on Level 3 (Main Level), with only the Dining room and Gym remaining. We have also started installing these switches on the Pathways unit.
- The renovation of the Canteen area that will create an isolated meeting space continues to progress; an engineering firm has drawn up plans and they have been forwarded to the DHS Inspector. The next steps will be getting plan approval from the State and publishing bid requests for the construction work.
- Due to the ongoing need to keep the Pathways East wing a quarantine unit, use of this area and the unit below remain restricted to ensure safety. For this reason, Veterans Services continues to work offsite.

Housekeeping Services: There were issues with limited Housekeeping staffing this month due to Covid-19 quarantine and illness, but the remaining staff did a good job picking up the slack.

A water main check valve was detected to be malfunctioning, as evident by heated water back-feeding into the cold water supply line. This poses no safety issues, but can be inefficient due to heat loss. A new valve has been purchased and is scheduled to be installed early in January when time allows. The interruption to facility hot water should be limited to 1-2 hours during this repair and will be coordinated to avoid disruption to kitchen and patient care tasks.

IT Server rooms: At the request of the IT Department, we are having climate control devices installed in two server equipment rooms. These rooms contain equipment that supplies all communication, internet, and Wi-Fi services for the facility which, in turn, creates heat which needs to be dissipated to protect its function. The HVAC device and installation costs are being handled through the IT Department, with me coordinating the project. Once completed, the new systems will replace a circulating fan that currently runs 24/7 but has been inadequate in maintaining the proper temperature levels.

## **CVSO Report to the Wood County Health and Human Services Committee**

**Meeting Date: January 28, 2021**

December Activity:

Caseload activity for December 2021 - 17 new veterans served. During the month of December, we completed/submitted 287 federal forms to include:

- 17 intent to file a claim (this marks the effective date while we assist the veteran in gathering all the required supporting documentation)
- 5 Appeals – Higher level review, Notice of Disagreement (appeal)
- 21 new claims for disability compensation
- 2 new claims for pension
- 1 new claims for surviving spouse benefits (DIC or surviving spouse pension)
- 10 new applications for VA Healthcare
- 20 appointment of Claimants Representative (POA for American Legion, VFW, DAV etc.)
- 6 burial and marker applications

### **Activities:**

1. Completed as of December 10:
  - a. December 15- Federal VA Regional Office Milwaukee Directors conference call with VSO & CVSO Leadership.
  - b. January 6- Wood County Veterans Service Commission meeting.
  - c. January 19 - Federal VA Regional Office Milwaukee Directors conference call with VSO & CVSO Leadership.
2. Near Future:
  - a. February 16- Federal VA Regional Office Milwaukee Directors conference call with VSO & CVSO Leadership.
  - b. February 19 – CVSO Association of Wisconsin Executive Committee meeting.

### **Office updates:**

1. Office and VA response to COVID-19 –
  - a. The Tomah VA Medical Center has begun COVID-19 Vaccination Clinics. Wisconsin Rapids CBOC is one of the sites and provided over 200 shots Saturday January 16. The hospital is contacting veterans to offer the vaccinations. Veterans must be eligible and enrolled in VA healthcare to receive a vaccination.
  - b. Marshfield office closed and quarantined with 20 minutes notice on November 11 to relocate a patient COVID-19 positive to a room on same ventilation system. Marshfield staff is working from home four days a week and from the courthouse one day.
  - c. Federal VA continues to lag behind on scheduling and completing compensation exams.
2. Office continues to review and reach out to Blue Water Vietnam Navy and Marine personnel. Several veterans have responded and we have submitted claims for compensation. To date Wood County Veterans under this effort have received \$182,598.42 in retroactive payments and monthly increases totaling \$26,103.17 or additional \$313,238.04 per year.

Since last month's report:

- a. Veteran received an increase from 60% to 70% with a retroactive payment of \$6,314 and a monthly increase of \$313 per month.
- b. Veteran received a temporary increase to 100% resulting in a \$9,373 retroactive payment and a monthly increase of \$3,179.
- c. Veteran received an increase from 10% to 30% resulting in a \$1,470 retroactive payment and a monthly increase of \$349 per month

**Note** these are just ratings we initiated by reviewing our records on file and contacting the veteran. It does not include claims brought in to our office by the veteran. To date the retroactive payments and the annual ongoing compensation for this initiative exceed the annual budget for the department by \$83,608.

3. The 2021 Wisconsin Department of Veterans Affairs Grant application packet was released. They have received our application.
4. Agent Orange Illness list changed. With the passing of the National Defense Authorization bill Congress has added three new illnesses to the Agent Orange presumptive list, Hypothyroidism, Bladder Cancer and Parkinsonisms. If an illness is on the Agent Orange presumptive list and a veteran was exposed to Agent Orange they are granted a service connected disability for that condition without any other proof needed. The VA still has to set the procedural rules to process these claims and our office needs to get the word out on the street and start reviewing files for veterans with or having died of these conditions..

NOTE: Grant revenues may be greater and/or less than expenditures throughout the year.  
By close of year, revenues will equal expenditures ... these are zero tax-levy budgets.

Agenda Item 6 Veterans Quarterly Financial Report.

1. Attached is the 4th Quarter Veterans Budget versus Actual report.
2. With all but a few minor adjustments recorded, the Department will come in under budget due to reduced expenditures for meetings, training, travel and outreach.
