If you are a parent of a 4-7 year-old and your child has experienced any of the following:

- ◆ Temper tantrums
- ◆ Difficulty making or keeping friends
- ◆ Impatience or interrupting
- ◆ Not listening

Then the **Raising a Thinking Child** workshop may be just right for you! This evidence-based workshop series will help you guide your child to solve common, everyday problems by communicating with your child.

Participants will learn:

- ◆ To give their children skills to solve their own problems and think about the consequences through fun games
- ◆ How to help kids care about and understand their own and others' feelings

This program is facilitated by Nancy Schultz, Human Dev. & Family Relationship Educator, UW-Extension and Jackie Carattini, Family Living Educator, Wood County UW-Extension. Using a Zoom Meeting app you will be able to join me from the comforts of your home. All you need is a smart phone, tablet, or computer. It is a refreshingly practical curriculum that helps you help your child learn *how* to think, not *what* to think.

Through 8 weekly classes, along with interactive, fun activities for you and your child to do at home, you will learn ways to help your child think in new problem-solving ways.

An EEO Affirmative Action employer, the University of Wisconsin - Extension provides equal opportunities in employment and programming including Title IX and ADA requirements. If you require reasonable accommodations to participate in this programming, please call Jackie Carattini at 715-421-8441 as soon as possible
