

# Featured Wellness Champ!

Lisa Keller

**Department:** Information Technology

**Years employed at Wood County:** 5.5 years

**Years served on Wellness Committee:** 2.5 years

# Get to know Lisa!...

<p>1) What's the strangest or a unique talent you have?</p>	<p>I can remember random things with just a little bit of information. It comes in really handy working in IT, because someone can say do you remember when this person had a problem with this, and I either know immediately how to fix it or where the solution is.</p>
<p>2) What was your favorite TV show or character when growing up?</p>	<p>Home Improvement. It is crazy how TV shows have changed. It was nice to have a family comedy that the whole family could watch.</p>
<p>3) Which way does your toilet paper hang on the wall – over or under?</p>	<p>Over, always OVER</p>
<p>4) If you could have any one superpower, which would you choose?</p>	<p>Flying. I love heights and seeing things from above. It would also allow traveling to be much faster.</p>
<p>5) If you were given \$5,000 for a shopping spree, name one store where you would spend it all</p>	<p>This is a hard question. At this time, I would say Home Depot. I would love to update a bunch of things at our house, and \$5000 would go a long way.</p>
<p>9) How do you recharge?</p>	<p>Music really helps me recharge. I can just turn off the world with music and let me cares float away.</p>
